Judge Hart has adjourned the Second District court until April 14th. Mrs. Isaac Sherwood, who was scriously furt some nights ago by jumping from a street car, is in a serious condition, and it is feared that she may succumb to her

The second-hand store of I Richmond, at 178 Twenty-fifth street, was burglarized about midnight and some jewelry and ciothing carried away. The booty consists of two watches, two revolvers, a pair of opera glasses and a large amount of clothing. The exact amount cannot be learned, as the inventory of the stock is not completed. The thieves entered by a side door, forcing open a catch, which was the only fastening to the door.

LIVINGSTON FOR JUDGE IN SEVENTH DISTRICT

Special to The Tribune.

MT PLEASANT, Utali, April 9.-The Seventh Judicial district Republican conention was held here today. W. D. vention was held here today. W. D. Candland of Mt. Pleasant was the permanent chairman and H. T. Haines of Emery county secretary. A heated discussion followed the report of the committee on order of business because it shut out a county not represented by a resident of that county. San Juan was not allowed a vote, as the proxy was held by a man from Sanpete. W. D. Livingston and Judge Johnson were candidates, and on the first ballot Livingston received 32 votes to 14 for Johnson and was declared the nonlinee. W. H. Fry of Carbon county. W. T. Wood of Emery county, W. K. Reid and A. H. Christensen of Sanpete county were all placed in nomination for District Attorney. Wood was nominated on the second ballot.

FATHER'S WAS FOURTH DEATH IN FAMILY

Special to The Tribune. COALVILLE, Utah, April 9.—Roland Clark died last night, after suffering over six months. His was the fourth death in the family within a month. The first in the family within a month. The first to pass away was an infant child; next the mother died. A week afterward their two-year-old boy. Six children are left, and these are being cared for by relatives. Six months ago Clark cut his wrist with a piece of stove pipe. Blood poison followed. He was treated for this aliment and seemed to be getting along nicely until Sunday, when inflammation of the bowels developed and caused his death.

Trustee George Jex Dies.

Special to The Tribune Special to The Tribune.

SPANISH FORK, Utah, April 9.—George Jex died last night and will be buried Sunday afternoon. Mr. Jex was the second son of William Jex and was a trustee of Spanish Fork district No. 2. His death was not unexpected. He has been in feeble health since his recovery from a severe slege of typhoid fever last fall. We leaves a wife and five children, a father and mother, three brothers and seven sisters. seven sisters.

The body of Mrs Harriet Alick was brought from Eureka this morning, and the funeral will be held at the Third ward meeting-house. One week ago her busband, John Alick, was buried from the

Cancer Proves Fatal.

Is responsible for many a man's success. A Warburton hat will build you up BROWN, TERRY & WOODRUFF CO., 166 Main street.

HANDING OUT DIVORCES DOWN AT PROVO

Special to The Tribune

PROVO. Utah. April 9.-Judge Booth granted Caroline Brown a decree of divorce from Charles H Brown on the ground of desertion. The plaintiff was restored to her maiden name of Carolina Reynolds.

Failure to provide was the ground upon which Jane R. Snow was given a divorce from Hubert M. Snow. The plaintiff was awarded the custody of the minor child and \$15 per month alimony.

The case of Laura Turner vs. Frank Turner was dismissed on motion of plaintiff. About two years ago the plaintiff entered suit for separate maintenance, charging cruelty and failure to provide. The cause was dismissed by the court on account of Mrs. Turner having received an absolute divorce in the Third district.

Judgo Booth yesterday married Silk Larsen, aged 26, of Mt Pleasunt, and Lizzie Vest, aged 19, of Payson.

Licenses to wed have been issued to the following couples: William J. Crystal, aged 24, of American Fork, and Ruth Walker, aged 21, of Salt Lake City, and to John McIntesh, aged 44 of Salt Lake City, and trene Southworth, aged 42, of Provo. Deputy Clark Gee performed the ceremony in the latter case. BRIEFS.

BRIEFS.

Jacob Evans, city attorney, has returned from Vernal, where he has been conducting the defense in a murder trial.

Mrs. John Gatherum, who underwent an operation at the Frovo hospital on Wednesday, is reported to be improving.

A ten-pound son has arrived at the home of William J Woodhead of Provo, and a daughter to Mr. and Mrs. Thomas R. Boutton.

SHOWING IN PARIS

PARIS, April 2.-Private letters received here from St. Petersburg set forth the difficulties Embassador McCormick is encountering, owing mainly to the animosttles growing out of the attitude of the

lies growing out of the attitude of the British Press toward Russia.

As a means of counteracting the anti-American sentiment the Embassador is pursuing a course similar to that of Embassador Porter during the French antagonism at the time of the Spanish-American war. Gen. Porter's effort overcame much of the bitterness of the Parisian press and public, and Mr. Mc-Cormick is adopting similar tactful measures to restore the friendly feeling which existed until recently.

PARK CITY

TRIBUNE BUREAU. Murray King, Correspondent.

VERY RICH ORE STRIKE MADE AT PARK CITY

Special to The Tribune. PARK CITY, April 9.-Park City is welled over a strike reported from the Elkhorn district. J. C. Nelson came over with samples of ore which have agitated mining circles here. The samples are in

he shape of large specimens of blended carbonates and galerns, that tell a story of a possible Elderndo of immense size and richness. Samples from the ore are now in the crucibles in the assay offices and the results, which all who have seen the stuff are confident of, are awaited with carriness.

The receipt of the news brought together a crowd of mining men and prospectors who are interested in the new district and no time was lost in getting on

ors who are interested in the new do-trict and to time was lost in getting on the ground.

Some of this wonderful wealth-produc-ing material lies about in huge boulders of soft, fish carbonates, intersected with streaks and deposits of galena, weighing little short of a hundred pounds.

At the bottom of the shaft, which is about forty feet down from the surface, is an ore body, the size and composition of which constitutes one of the greatest ore discoveries in Park City for years. Since Friday the twenty inches of ore which the Nelson brothers have been fol-lowing for twenty-seven feet, has sud-denly widened into a strong body, which measures exactly three and a half feet wide on the cast side of the shaft and four feet wide on the west side. It lies in a five-foot fissure between walls of por-phyry and shows a decided tendency to

four test wide on the west side. It lies in a five-foot fissure between walls of porphyry and shows a decided tendency to widen.

All the ore taken from this body since Friday, and there has been a considerable quantity, is classed by expert miners as a high-grade ore.

Credit for this discovery upon the Nelson group is due to J C. and Jinks Nelson group is due to J C. and Jinks Nelson who have labored with unflagging faith in the new district for four years, amid the most discouraging circumstances and not a little credit is due Jim Douglas, who located the site and sank the shaft.

The discovery is at a point on the Nelson ground 500 feet from the end lines of the Majestle, and the same productive iddge strikes through the latter's territory, showing remarkable ore chues outcropping along its well-defined course. Eastward the same ledge extends for miles, outting through the Eagle ground and showing remarkable width in places. From its outcrops great boulders of quarts containing galens in considerable quantities have broken off and its distributed along the hillside.

Eight hundred feet east of the discovery the ledge *opened up to a depth of fifteen feet, and shows up lifteen feet wide.

The Nelson brothers have refused flat-

The Nelson brothers have refused flat-tering offers for small interests.

TEACHERS SURPRISED WITH LUNCH AND MUSIC

enectal to The Tribune FARMINGTON, Utah, April 9.-State uperintendent of Schools Nelson and D. W. Parratt, supervisor of the art department, were at the regular session of the Teachers' institute. Superintendent Nel-Teachers' institute. Superintendent Nelson's paper on "What the School Should Do for the Pupil" contained information calculated to assist the teachers in drilling the child into habits of concentration, observation and courtesy. At the close of the morning session twelve little girls of the second grade sang a song of welcome and invited them into an adjoining room, where a dainty lunch was served by Louise and Minerva Clark. The room had been tastefully decorated with spring flowers and plants. The teachers were entertained for a short time with instrumental musle, thour songs by the little girls and by a number of readings by Ellen Clark. A special meeting of the principals and trustees was held in the afternoon.

Paul S. Craner and Lottle McCleary, both of Sait Lake City, were married to-day by Justice E. T. Richards.

Mesdames Ellen Glover of Lewiston, E. A. Filcher of Oxden and M. A. Stanley of Millville are here in the interests of the Rice family reunion which will be beld oon to effect a family organization.

Mrs. Dora Robinson, who was operated on for appendicitis, is recovering.

MERRY POLITICAL WAR AGITATING THE YUKON

SEATTLE, Wash., April 9.-A special to the Post-Intelligencer from Dawson says: The Yukon Liberal association has split and furnished the Klondike with a new

a resolution of confidence in Congdon and the Federal Government. More sensations are expected.

SUSPECTED THUG BEATEN BY SPOKANE OFFICER

SPOKANE, Wash., April 2.-When ofcers Burns and Briley attempted to arrest two men tonight on Riverside aveme, one of them started to draw a reofficer Briley struck him twice with his club, cutting two deep gashes on the scalp, and no further resistance was offered. The men were suspected of being the thugs who have been operating the past ten days as hold-ups and safe robbers.

RED MEN GO BROKE IN NEW YORK CITY

Special to The Tribune. NEW YORK, April 9.-Two full-blooded Indian youths, William Jackson, aged 21,

and Peter Francis, 19 years old, both pupils at the Indian school at Carlisle, Pa. pils at the Indian school at Carilsle, Pa., applied this week to Superintendent Meeks of the department of charities for aid in returning to their institution of learning, from which they ran away ten days ago to come to New York to make their fortunes.

They are without money and had not been able to sheath employment. Both will be sent back to Carilsie by the Bureau of the Alien Poor.

LONDON, April 3.—The Board of Trade returns for the month of March show an increase in the imports of \$8.879,000 and a decrease in the exports of \$1.865,000.

TOOELE CITIZENS BLAMED FOR DELAY

Government Cannot Set Apart Fores Reserve Unless Settlers Relinquish Right to Lands.

BY A. F. PHILIPS. Tribune Bureau, National Hotel,

WASHINGTON, D. C., April 9. Some citizens of Tooele are under a delucion regarding the forest reserve which they desire created from that section of Urah, but which the department declined to set apart and hold. The Utah delegation and the Interior department are held responsible for an action of which they are not guilty.

The people alone are to blame. Senator Smoot had correspondence with Gov. Wells upon the subject and not fied the executive that if the people who had filed upon lands within the limits of the proposed reserve would relinquish their right to the lands held by them to the State, the United States Government would permit the State to take other lands in lieu thereof and create the reserve.

The matter was taken up by the Utah Land Board and it was found that neither the State nor the United States could buy up those lands, unless relinquished by the owners within the time proposed for the reserve. This done, the Government will be only too glad to comply with the desire of the people.

Senator Heyburn had a conference this morning with the director of the Geological Survey in regard to work to be done under Government direction during the coming summer in Idaho. Comparatively little area has been covered by survey in Idaho and the Senator Is endeavoring to have a number of surveying parties assigned

for duty there this year. Couer d'Alene, Halley and Silver City mining districts need to be examined, surveyed and report made, Some work has been done in Couer d'Alene and the Senator has biven assurance that much underground inves-tigation will be made in that camp in addition to doing considerable surface

The Senator also discussed his measure in Congress providing for an investigation to determine the feasibility of reclaiming the overflowed lands of the Kootenai Valley. A number of Sena-tors have taken the postlon that this work can be done without additional legislation and expenses incident thereto can be taken from the reclamation funds. It is hoped that the department can make the examination tals season. If the plan is consummated, more than 50,000 acres of land will be reclaimed. It is estimated that it will be worth \$100 per acre.

Speaking of the progress made in the work of the reclamation service an officer in the Geological Survey said; The irrigation projects favorably reported at the beginning of 1903 in-cluded those on the Truckee river in Nevada, on the Salt river in Arizona, on the Milk river in Montana, on the Sweetwater river in Wyoming, and on Gunnison river in Colorado. The Ne-vada and Arizona projects have been found feasible and construction on the engineering works along the Truckee and Salt rivers has progressed to a

reasonable extent. The Montana project has presented unexpected engineering difficulties, as well as complications regarding water rights, so that progress is slow. It has been found necessary to modify the first plans in order to achieve early

results.
The Wyoming project as first outlined has been found impracticable. A better reservoir site than that on the Sweetwater river has, however, been discovered on the North Platte, so that a larger scheme of development may be worked out there in the future. Very great engineering difficulties are en-countered in the accomplishment of the Colorado project. The amount of arid land thereby reclaimable is less, too, than was anticipated.

Senator Heyburn has recommended the appointment of Dr. Lorin F. Rich of Rexburg, Ida, as examining sur-geon for the pension bureau of that

of Rexburg, Ida, as examining surgeon for the pension bureau of that section.

The United States Civil Service commission announces that as an insufficient number of eligibles resulted from the examination held in February to fill about fifteen vacancies in the position of cadet in the revenue cutter service and other similar vacancies as they occur, another examination for the same position will be held April 26th, 27th and 28th at places designated. Fosition pays \$500 per annum and one ration per day. After three years service they may be commissioned as Lieutenants, with salary from \$1400 to \$100. and furnished the Klondike with a new sensation. A faction opposed to Gov. Congdon organized Wednesday night and charged Congdon with intimidating party councils and packing them with Government employees.

During the meeting the secretary, a Government man, fled with the records. Last night the Congdonites called a meeting, which was packed with the antis, who barred them out. Later the Congdonites met and adopted a resolution of confidence in Congdon and a resolution of confidence in Congdon and amination will consist of twenty sub-jects, viz.: Spelling, arithmetic, algebra. general geography, geometry, general history and Constitution of United States, physics, general information on matters of current history, trigonometry, grammar, English literature and one modern language Examina-tions will be held at the following

places:
Nevada—Rero.
Utah—Logan, Selt Lake City.
Wyoming—Cheyenne, Laramie.
Those desiring to compete can apply

postmasters in the cities named for application form Augustus B. Paris has been appointed

postmaster at Webb, Nez Perce county Ida., vice Charles C. Mills, resigned. Scaled proposals will be received at the Postoffice department up to May and for carrying the mail from Morse to May. Ida., a distance of seven miles. Bond of \$500 must accompany proposal.

The postoffice at Hamilton, Sheridan county, Wyo., has been discontinued, and mail will be sent to Kearney.

Effective on the 11th inst, this schedule will be run on star route from White Rocks to Fort Ducheme, Utah: Leave White Rocks dally, except Sunday, at 9 a.m., arriving at the Fort at 12 noon. Returning, leave Fort Duchesne at 10.m. reaching Write Pocks chesne at 1 p. m., reaching White Rocks

LONDON. April 5.—The British sugar refiners are protecting themselves against a possible duty on sugar in the forthcom-ing budget. Notices sent out today an-nounce that as the invoiced prices of un-delivered sugars and syrups are subject to fiscal revenue, all sugars in store will be subject to any increased duty. be subject to any increased duty
